

DOUBLEBACK

Doubleback, The Tale of Two Vineyards

These two world class estate vineyards are the backbone of our Doubleback Cabernet Sauvignon, creating the perfect balance between power and grace.

McQueen Vineyard

- Sits on fractured basalt at a higher elevation in the Walla Walla Valley.
- Intense wind and weather results in thicker skins, bolder tannin, and higher natural acidity.

Lefore Vineyard

- Rolled cobblestone make up the terroir of this distinctive AVA – the Rocks District of Milton-Freewater.
- Lower elevation Rocks vineyard leads to mineral driven wines with softer tannins, and a luxurious mouthfeel.
