

THE TALE OF THREE VINEYARDS

These three world class estate vineyards are the backbone of our 2022 Doubleback Cabernet Sauvignon, creating the perfect balance between power and grace.

MCQUEEN ESTATE

McQueen is the backbone of Doubleback, located at 1400 feet elevation. The unique environmental conditions, characterized by intense winds and fractured basalt soil, lead to the production of wines with distinctive aromatics, robust tannins, and remarkable natural acidity. (47%)

LEFORE ESTATE

LeFore is located on the eastern side of the Rocks District of Milton Freewater, a sub AVA of the Walla Walla Valley. Wines from here are sexy, largely aromatic of dried herbs and tobacco, with lush and long tannins. Lefore is a perfect complement to the fruit from McQueen Estate. (45%)

SCHAFER ESTATE

Schafer is located along Mill Creek, which provides significant water and air drainage from the Blue Mountains near Walla Walla Valley. The creek brings cold air to dry the vineyard and enhance the wine quality and complexity. This area has more rainfall and clay-heavy soils which produces world class Merlot with perfect weight and finesse. (8%)
